

HOW TO MAKE A GIFT OF STOCK

1. Initiate the Transfer

- Contact your financial advisor to begin the stock transfer process.

2. Transfer to RCCPC Brokerage Account

- Stock is transferred from the donor's brokerage account to RCCPC's brokerage account at Wells Fargo.
- **Donor is provided with the required Wells Fargo transfer details:**
 - EIN #
 - DTC #
 - Account #
- In some cases, donors notify RCCPC directly of the transfer. If not, Wells Fargo alerts RCCPC via email once the transfer is initiated.

3. Sale of Stock

- Wells Fargo processes the stock transfer request.
- Per RCCPC's instructions, Wells Fargo will sell the stock within 2–4 business days.

4. Valuation of the Gift

- The sale price is based on the average intraday price on the day of sale.
- Donors are credited with: Average intraday price × Number of shares sold.

5. Fees and Expenses

- RCCPC pays all associated Wells Fargo fees.
- These fees do not reduce the donor's credited gift amount.

KEY BENEFITS

Benefits for the donor include-

- Avoiding capital gains tax by transferring the stock directly to the church
- Potentially receiving a higher tax deduction based on the full fair market value for stock held over a year
- Making a greater charitable impact as the full value goes to the church.
- It can also be a tax-free method for rebalancing an investment portfolio.

For detailed instructions, account numbers, and assistance contact Anthony in the finance office at finance@rccpc.org or 302.998.0434.

HOW TO MAKE A QCD TO RCCPC

- 1. Meet the age requirement:** You must be at least 70½ years old at the time the distribution is made.
- 2. Contact your IRA administrator:** Reach out to your IRA custodian to request the distribution.
- 3. Specify the recipient:** Provide the church's information (name & Address) to the administrator, who will send the check directly to the church. Do not receive the funds yourself.
- 4. Obtain an acknowledgment:** The church should send you an acknowledgment letter for tax record purposes after funds receipt.
- 5. Report on your tax return:** On your Form 1040, report the distribution on the IRA distribution line, write "0" for the taxable amount, and add "QCD" next to it.

KEY BENEFITS OF QCD

Tax Savings: The distributed amount is excluded from your gross income, avoiding federal and potentially state income taxes.

RMD Satisfaction: The QCD counts toward your IRA's Required Minimum Distribution (RMD) for that year.

Support Your Church: You can support your church's mission and ministry while reducing your tax burden.

IMPORTANT CONSIDERATIONS

Annual Limit: The maximum annual exclusion for a QCD is \$100,000 per individual.

Qualified Charities: The church must be a qualified 501(c)(3) non-profit organization that can accept tax-deductible contributions.

Direct Transfer Only: The distribution must go directly from the IRA administrator to the charity.

No Charitable Deduction: A QCD is not eligible for a separate charitable income tax deduction.

No Benefits Received: You cannot receive any goods or services from the church in exchange for a QCD.
