## Amen: A Summer Series on Great Prayers

From saints to songs, from Scripture to art—these are the prayers that echo through the ages and invite us to pray anew. What makes a prayer powerful? The words? The music? The faith behind it?

This summer, we're exploring some of the most iconic, beautiful, and soul-stirring prayers ever written, spoken, or sung. From Saint Patrick's bold cry for protection to a Broadway ballad that aches with hope, "Amen" is a journey through the many ways people have reached for God. Join us. And maybe... leave with an Amen.
