

Red Clay Creek Presbyterian Church

Memory Garden Costs

The initial construction of the Memory Garden was financed by special donations, memorial gifts, and designated gifts. Donations for the placement of cremains are used to provide for the maintenance (landscaping, sprinklers, lighting, etc.) and continued beautification of the Memory Garden. The Memory Garden Committee suggests a donation of \$1000.00 for each memorial plate with or without the placement of cremains in the garden. The memorial plate arrives approximately 3 months after the Committee places the order.

Red Clay members may make donations to the Memory Garden at any time. The Committee keeps a record of all donations and memorial gifts. Donations of \$1000.00, accompanied by an application, will be considered as pre-payment for a future memorial plate, with or without the placement of cremains. Donations provide for the maintenance and beautification of the Garden. At the Senior Pastor's discretion, no one will be denied use of the Garden for inability to pay. In this case, no bronze nameplate will be placed on the Garden Monument.
