

## **WEEK TWO: BY THIS TIME THE SEA IS WILD (1:4-16)**

1. Jonah's running did not stay private. Where have you seen disobedience affect more people than expected?
2. The sailors were awake and praying while Jonah was asleep. Is there any area of your life where God may be trying to wake you up?
3. Jonah said true things about God, but his life was moving the opposite direction. Where do your words and actions need to line up more fully?
4. The storm was severe, but it was also mercy. Can you think of a time when God stopped you, exposed something, or interrupted your plans for your good?

### **WEEKLY CHALLENGE**

Own who your running affects,  
and make one repairing conversation.

Ask God to show you where your disobedience, delay, anger, distance, or hidden sin has affected someone else. Then take one humble step toward repair. That may mean saying, "I was wrong," "I'm sorry," "I've been avoiding what God has been telling me to do," or "I want to take a step toward obedience."
