For Fun:

Challenge members to a stair race. See who can climb a set of stairs the fastest. You can make it more interesting by adding obstacles or doing it relay-style. As you rest after the activity, talk about Jacob's dream and what it teaches us about God's desire to be near us. Remind your kids that God sent Jesus from heaven to earth to save us from sin. Through faith in Jesus, one day we can be with God forever.

To Serve:

Write the words or phrases of a Bible verse on separate sheets of paper. Place the sheets on the stairs in your home or along a path your family walks often. As you walk the stairs or path this week, practice memorizing the verse by saying the words in order. Make it more of a challenge by removing some of the sheets during the week by challenging kids still say those words of the verse!

God changed Jacob and gave him a new name, Israel. Jesus came so that we might have a changed life, forgiven of sin. Jesus' death and resurrection provided sinful people the way to be welcomed into God's family forever.
