BRING IT ON HOME!

PARENTS

For Fun:

Have a family worship party. Let each family member choose a favorite worship song. Play one (or all!) and sing together. Encourage everyone to: sing loudly, clap, raise hands, or simply sit quietly and listen to the words.

Afterwards discuss:

- What did that song teach us about God?
- How does worship help us serve Him better?

To Serve:

Lead each family member to write down several acts of kindness they can do for others. These can be simple tasks like helping a sibling with their homework, writing a thank you note to a neighbor, or volunteering to help with dinner. Fold the papers and place them in a jar. Each day, draw one act of kindness from the jar.

Make it a family event where everyone participates in completing the chosen task. After completing each act, gather as a family to discuss how it felt to serve others and how it might have impacted them.
