EPIPHANY LUTHERAN PRESCHOOL LICENSING STATEMENT

Epiphany Lutheran Preschool is operating on a continual license issued by the State of Ohio for a capacity, at any one time, one hundred thirty-two (132) children. The law and rules governing childcare are available in the office or at odjfs.state.oh.us. ELP's inspection reports are available online or in the office.

EPIPHANY LUTHERAN PRESCHOOL MISSION STATEMENT

Epiphany Lutheran Church views children and families as a precious resource, given by God. Through our preschool we have the opportunity to provide a Christian atmosphere and stimulating environment in which children may grow in knowledge and love of God as well as physically, socially, emotionally, and intellectually.

Specifically, the goals of Epiphany Lutheran Preschool are:

To meet the basic needs of each child's good health, and physical and mental development.

To provide each child with attention, acceptance and affection.

To help each child develop a positive self-image and sense of competence and understand that he/she is a unique individual, created and loved by God.

To encourage each child to develop a concern for others, a sense of community, and a spirit of sharing and through this development enhance the atmosphere at home.

To create a loving, Christian atmosphere in which each child can feel secure and comfortable away from home and family.

To provide a well-balanced set of activities based on current child development knowledge.

To provide a warm, caring, Christian staff who are knowledgeable in early childhood education and have the ability to work successfully with young children and their parents.

To foster creativity, exploration, self-discipline, and a love for learning.

To assist parents in guiding the development of their children.

To be a school in which children, parents, and staff will feel and know God's love.

EPIPHANY LUTHERAN PRESCHOOL PHILOSOPHY

During the first five years of life, children grow and learn rapidly. They learn by being inquisitive, independent, and lovingly guided. We believe children learn best by doing and by being actively involved.

In a safe and well-planned environment, trained and educated Christian teachers will guide and stimulate the children's natural curiosity and initiative. In our school, children are allowed the environment and materials to play, to work, to discuss, to listen, to think and to create.
