

Mark 8:27-33 NLT

Have you ever found yourself in a spot you didn't expect to be in? I imagine we all have, whether it was about a place we were going, or a situation we were facing. When we find ourselves in that unexpected spot, we might also find ourselves asking the question, "How did we get here?" Join us this Sunday as we work through a passage that might have left some of the Disciples asking that very question.
