Application Questions

Why do you want to go on this trip?

This year our goal is that participants work to know and experience their faith. Some of us enjoy studying and learning about the truth of God. Others prefer the practical, hands-on, experience of putting our faith into action. In our lives, we need both. Take, for example, Mozart. If he only studied the technical aspects and knew everything about pianos but never played one he probably wouldn't be that good. On the other hand, if he only had a piano in front of him and just banged away at the keys without spending some time studying he probably wouldn't be that good either. He needed to both study and practice the piano to get better at what he was doing. The same is with our faith. We need to learn more about the truth of God and at the same time put those truths into action. With that in mind, what are some ways you think you need to know more about the truth of God and what ways do you need to put that truth into action?

Getting to Know You Better

Write a brief biographical essay which should include: (1) A testimony of how you came to know Christ as Savior and (2) Significant stages in your spiritual growth and maturity.

How are you currently growing in your relationship with Christ?

What practical gifts/abilities do you see yourself contributing to our trip?

If someone were describing you what would they say are some areas of strength? What are some areas where you need to see growth?

What do you hope to be doing five years from now?

Personal Convictions/Views:

Are you ok not having access to your cell phone/other electronics while on the trip? Why/why not?

Tell us about a time when you disagreed with a person in authority over you (ex. Teacher, youth leader, boss)? Did you disagree with a rule, approach, or something else? How did you handle the conflict?
