

WHAT TO EXPECT IN SECOND GRADE

BIBLE DeepRoots 2

The Bible is the standard of absolute truth and the ultimate authority for all of life. Biblical instruction challenges students to come to know the God of the Bible, so that they develop a worldview centered on the gospel of Christ enabling them to live lives pleasing to Him.

Weekly study and memory verses will cover the following:

Jesus in the Temple	Jesus Walks on Water
John Baptizes Jesus	The Good Samaritan
The Temptation of Jesus	Jesus Cleanses 10 Lepers
The Miraculous Catch	Mary, Martha, and Lazarus
Jesus and Nicodemus	The Birth of Jesus
Jesus Heals the Paralyzed Man	The Trial, Crucifixion, and Resurrection of Jesus
Jesus Heals the Centurion's Servant	Truth Will Set You Free
Jesus Calms the Storm	A Personal Decision
Healing at the Pool of Bethesda	New Life in Christ
Jesus Feeds the 5,000	

MATH Bob Jones Math 2

Mathematics is the language of God's precise and deliberate design. The study of mathematics enables students to understand and articulate the logic and patterns of God's created order and reveals that He is a God of detail and purpose.

Daily lessons and investigations are carefully sequenced to incrementally develop a spectrum of skills and concepts.

Concepts include:

Number Sense and Numeration	Number Lines	Temperature
Counting	Whole Number Operations/Computation	Linear Measure
Problem Solving	Addition (with carrying)	Weight and Mass
Reading and Writing Numbers	Subtraction (with borrowing)	Capacity (Volume)
Ordering Whole Numbers	Multiplication	Area and Perimeter
Rounding, Estimating, and Comparing	Division	Spatial Relationships
Place Value	Fractions and Decimals	Geometric Shapes
Factors and Multiples	Money	Transformations
Graphs	Calendar and Time	Symmetry
	Patterns and Sequences	Algebraic Reasoning

SCIENCE Great Minds - PhD Science

Science is the study of the natural world as spoken into existence by a creative God. Students study science in order to increase in knowledge of the Creator by means of exploring His design and purpose. This knowledge will prepare them to subdue and steward the physical world for the glory of God and the good of mankind.

PhD Science utilizes an Activity-Before-Concept, Concept-Before-Terminology approach. Students engage in activities to develop a basic understanding before a concept is presented and investigate the concept more until formal names or terminology is introduced. Through authentic anchor phenomenon, each module explores core science concepts to help students make sense of the world around them. Through observation, questioning, modeling, investigation, and evidence-based argumentation, students build knowledge that they can demonstrate by applying their understanding in different contexts through Science or Engineering Challenges in each module.

HISTORY Bob Jones Heritage Studies 2

History is the unfolding story of God's story as He reveals Himself to man. Christians are called to remember and make known God's story to each generation in order to know Him, become ambassadors of reconciliation, and to participate in the biblical meta-narrative. Therefore, students examine the history, culture, government, geography, and economics of the world and our nation in order to equip them to impact culture as they participate in His story.

Units include:

Communities
Government Leadership
Exploration of the New World
Native American Indians
Colonization
Colony Life
French and Indian War
Birth of a Nation

LANGUAGE ARTS Abeka | Selected Novels

Language is God's gift to man in order to establish a relationship with Him and to live in community with one another. As a foundation to all other learning, the language arts are essential for thinking and communicating effectively, comprehending oral and written material, and developing a love for God's Word and other literature.

Grammar:

Sentences
Capitalization
Punctuation
Parts of Speech

The Writing Process:

Sentences
Paragraphs

Orthography:

Word Study
Vocabulary Building
Spelling

Reading:

Novel units (fluency, comprehension, literary components)
Read and Comprehension drills

Teachers may read aloud:

Treasures in the Snow by Patricia St. John
Jonathon's Journey by Katherine Bell
Pilgrim's Progress by John Bunyan

SPECIALS

Chapel:

Lower School Chapel is held Fridays at 8:30.
Combined Chapel is held the last Friday of the month at 9:25.

Special Classes:

Minds in Motion (daily)
Physical Education (three times per week)
Music (two times per week)
Spanish (two times per week)
Art (one time per week)
Library (one time per week)

Special Projects:

Fall Program
Colonial Days

Field Trip:

Lake of the Woods

Jerusalem Project:

Bloomington Rehabilitation Center
